

Online Event Registration has never been easier

Who we are?

RegOnline is a global software company, providing online registration and attendee management solutions for more than 6 million registrants and 100,000 events around the world.

For more than 10 years RegOnline has been acclaimed by event organizers for its innovative software platform that is both feature-rich and easy to use. Today, RegOnline is the registration platform of choice for thousands of event organizers, ranging from small independent meeting planners to large universities and Fortune 100 companies.

RegOnline was built on the premise that event registration should be easy for registrants and event organizers. With more than 50,000 hours of development time dedicated to the product, RegOnline continues to live that mission. Its best-of-breed features and unmatched usability provide event organizers with an affordable solution that dramatically improve performance while reducing workload and cost.

RegOnline is based in Boulder, Colorado with offices around the world. A division of The Active Network, RegOnline is part of the world's leading provider of registration solutions.
