

TS Designs / B Corporation Partnership

Why did we create a B Corporation partnership?

TS Designs already gives incentives to non-profit groups because of their values and business practices. Thanks to B Corporation, we can extend those incentives, along with others, to for-profit organizations that have passed the B Corp standards, assured that they share our vision of environmental and social responsibility.

What's the program?

If you request a quote on our website (excluding digital) for Clothing Facts brand t-shirts or tote bags, we will print the B Corp logo on the left sleeve at no charge, and donate 10% of the order sale to B Corporation to defray the cost of your licensing fee.

Sounds good, Sign me up!

Just fill out one of our [quote request forms](#) (excluding digital) and type "B Corp Partnership" in the notes section at the end of the request.

NOTE: digital quote requests are handled by a separate entity from TS Designs, so they will ignore your partnership request!
