

## **Web Developer**

UncommonGoods is looking for a positive, innovative Web Developer to code new functionality for our website and administrative systems.

Successful candidates will feel comfortable working both independently and as a part of a creative and diverse team. You must have a positive outlook, be forward thinking, and have a willingness to learn and grow.

### **Required Skills:**

- - 2-3 years experience in J2EE.
- - Experience building web sites in a team environment.
- - Experience with MVC architecture.

### **Desired Skills:**

- - Experience in front-end technologies such as HTML, AJAX, JavaScript, CSS, JQuery.
- - Experience with application servers such as Resin, Tomcat, or JBoss.
- - Experience in an IDE such as Eclipse.
- - Experience in an OR mapper such as Hibernate or CPO.
- - Knowledge of development methodologies such as OO, AOP and TDD.
- - Knowledge of common design patterns.
- - Experience with XML and Java parsers.
- - Knowledge of SQL, bonus points for experience with Oracle or MySQL.
- - Experience in testing software such as JUnit.
- - Experience in TDD will be a big plus.
- - Experience in web frameworks such as Spring.
- - Experience with build processes such as Ant or Maven.
- - Bonus points for UNIX or Linux knowledge.
- - Experience working with code repositories such as SVN or CVS.
- - JSP / JSTL.
- - Annotations.
- - Restful Web Services.

### **Highlights:**

- - You will work closely with the CTO and the rest of the technology team.
- - You will enjoy the freedom of a self-directed position, while working with mentors who encourage and promote growth and development.
- - The nature of the work is diverse, and includes working in multiple software environments.
- - Exciting, creative, collaborative team environment.
- - Ownership stake - your voice affects the direction of the company.
- - Company focus is toward sustainability, with an emphasis on how we impact the world.
- - Friendly and informal work environment.

- - You will work with other engineers, as well as with each of the company's departments (i.e., merchandising, fulfillment, marketing, customer service, content, accounting) to satisfy project requirements.

Our offices are located at the Brooklyn Army Terminal in Sunset Park, Brooklyn. We offer a competitive salary and benefits package, including health and dental insurance and 401(k).

You must be authorized to work in the US.
